

Lab 2 — Sprint Burndown (Story Points) | Digital Art Commission & Watermarking Portal (PS #58)

Sprint 1 (2 weeks) — committed 19 pts, completed 19 pts

Sprint 2 (2 weeks) — committed 15 pts, completed 15 pts

Points burn only when a whole story is accepted, so the line steps down per story rather than sloping. Both sprints were simulated in a single session, which is why the Jira charts drop vertically against the calendar.
